needs

We can provide security, protection, private investigation and background checks, to meet your overall security needs.

Our dedicated professional staff consists of current and former law enforcement officers. We have the experience and knowledge to bring your particular

Our Investigative Specialties Include But Are Not Limited To

- **Surveillance**

Our staff have been trained to operate in potentially dangerous situations, observing and creating accurate, succinct reports.

Surveillance includes both mobile services in vehicles and static surveillance of locations. In a mobile role, investigators are available to follow subjects on foot and in automobiles.

- **Missing Persons**

Missing persons may be traced in order to find relatives, family, friends, debtors, or in confidential corporate fraud investigations. Modern computer techniques make tracing lost friends, relatives or debtors quick and easy for our experienced investigators.

- **Insurance Fraud**

Insurance fraud can cause significant losses to companies and individuals, and drives up the cost of insurance for everyone. If an employee or visitor to your company claims to have been injured on your premises, surveillance can provide objective evidence to prove or disprove the disability.

- **Personal Protection**

We can provide personal protection for you, your family or business associates. We will design a program to fit your particular need and situation.
